

Exploring cellular structure and function

12th International Congress of Cell Biology

ICCB 2016

July 21–25, 2016, Prague
Czech Republic, Prague Congress Centre

www.cscb.cz/ICCB2016

Topics

Nuclear Structure and Function
Regulation and Organization of the Genome
Epigenetics
Cell Division/Cell Cycle
DNA Replication/Repair
RNA Transcription and Processing/Noncoding RNAs
Membrane Trafficking
Cell Organelles/Mitochondria

Cytoskeleton
Development/Stem Cells
Signalling
Cell Death/Autophagy/Cell Stress
Cell-Matrix Interactions/Cell-Cell Interactions
Protein Folding
Structural Biology
Systems/Computational Biology

Imaging in Cell Biology
Chemical/Synthetic Biology
Plant Cell Biology
Microbial Cell Biology
Cellular Neurobiology
Cell Biology in Immunology
Cancer Cell Biology
Cell Biology of Metabolic Diseases

CZECH SOCIETY FOR CELL BIOLOGY, z. s.

Member of International Federation for Cell Biology

International Federation
for Cell Biology
